

SPORTS

SOPHOMORES TAKE THE MEET

(From Saturday's Advertiser.)

The second annual interclass meet of the Honolulu High School was pulled off yesterday at the Boys' Field promptly at half-past two. While no records were broken, some good time was made.

The highest number of individual points was made by William Rice, well known in athletic circles, who had twenty-eight points put to his credit. Elisha Andrews, another crack, made second place for himself, with twenty-two.

The largest number of class points was captured by the sophomores, who made 34, closely followed by the specialists with 31.

Prizes—lets of different colors, for first, second and third places, respectively—were awarded the winners of each event, together with ribbons which had the name of the event printed on them. Prizes were given in each case by a young lady representing the class to which the winner belonged.

Considering the number of contestants entered for each event, and the fact that a number of the events had to be run off in heats, Clerk of Course Blanchard deserves great credit for the smoothness with which things were conducted.

Following is the list of events, together with the winners and their time:

Hundred-yard Dash—Rice; 0:10 4-5.
 Mile Run—Norton; 5:35.
 440-yard Dash—Rice; 0:57.
 120-yard Hurdle—Andrews; 1:20 2-5.
 220-yard Dash—Rice; 0:25 3-5.
 50-yard Dash—Rice; 0:05 4-5.
 Half Mile—Norton; 2:22 2-5.
 High Jump—Marcellino; 5 ft. 2 1-2 in.
 Broad Jump—Rice; 20 ft. 3 in.
 Pole Vault—Andrews; 8 ft. 4 in.
 Shot Put—Andrews; 39 ft. 6 in.
 Hammer Throw—Wight; 69 ft. 6 in.
 Mile Relay—Won by sophomore class.

From the Files

McCredie's Beavers and the White Sox team No. 1 will play ball at Santa Barbara on March 11 and 12.

Charles Irwin will captain the Denver Baseball Club in the Western League this year.

Stanford won from St. Vincent's in baseball on February 28 by the score of 5 to 2.

The senior class of the Oakland High School were victors in the interclass swimming meet at Piedmont baths on February 23.

Rubric captured the Altamont handicap, one and one-sixteenth miles, half a length from Stanley Fay, in 1:45 1-5, within one-fifth of a second of the track record made by Joe Coyne last June.

A New York dispatch says it is the intention of Jack Johnson, the colored heavyweight pugilist, to accept the offer of a syndicate of British sportsmen for a match with Tommy Burns in England. Johnson's first objection was to the smallness of the purse, but he hopes Burns will agree to a bet of \$50,000 on the side.

Stanford has decided that it will be impossible for the Cardinal crew to row before the 25th of April and this date, California states, will interfere with her examinations.

Center Shot, William Walker's crack three-year old filly, was to try for Derby honors today at Arcadia.

Colonel Bob, 1 to 4 in the betting, won the fourth race at five and a half furlongs at Santa Anita on February 23.

The next California State fair to be held at Sacramento the latter part of August will include two purses calling for \$2000 each and four \$1000 purses.

Henry J. Handy of Chicago, will meet Charles M. Daniels in New York for a series of match swimming races at distances up to 200 yards.

Frank Mantell of Providence, R. I., famous for beating Honey Melody, beat Kid Farmer in twenty rounds at Marysville, Cal., recently.

Send Challenge by Wireless

What is perhaps the first sporting challenge to be sent by wireless was received in Honolulu yesterday morning from the U. S. transport Sherman, approaching the islands from Manila. The challenge was for a baseball game, and a picked team from the Atkinson League was deputed to do battle with the invading nine, that of the 24th Infantry, and possessing the reputation of being strictly up to snuff in all matters pertaining to the diamond.

At half-past three the teams commenced their game, which proved to be well worth the attention of the large crowd which gathered to witness it at the Kakaako ground. The soldiers certainly gave a fine display of the national game. Fresh from their long voyage, only two errors were registered against them, and an impression was created that they would give the best team here a tussle for the laurels.

In the seventh and concluding inning, with two of the home team on

SAYS BARNEY WAS THE LIMIT

(From Saturday's Advertiser.)

SAN FRANCISCO, March 1.—Dick Reuter, the big kanaka whom Long signed up last fall to do some pitching for the Seals, will not toss his curves before the admiring throngs this season. When Long learned that the dark skinned pitcher insisted on a big raise in salary he immediately got sore, and yesterday he decided to notify Reuter to stay where he was unless he agreed to buy his own ticket across the Pacific, which is not very likely.

"Reuter can remain in Honolulu for all I care," said Long yesterday. "The memory of Barney Joy is still fresh in my mind, and I am not going to take any more chances. I sent Reuter his contract and he agreed to come. Now he is hollering his head off for a raise, but he won't get it. I was stung by one kanaka, and once is enough to hold me for a few seasons."

Barney Joy still owes the San Francisco club half a month's salary. It seems that the big kanaka double shot the turn the last time the team was paid off, and thereby was shipped an additional piece of coin, which the management did not get "jerry" to till after Barney was on his way.

Joy has not yet received his ticket from the Boston club, and it begins to look as though the big league people have about decided to allow Barney to spend his vacation in Honolulu on their time. As the Boston squad will report for practice within the next few days, they would undoubtedly have sent for the burly south winger had they intended using him this season.

Jack Kenner, the well-known California horseman, is dead.

"Mysterious Billy" Smith is to enter the ring again.

Eddie Kelly never had a chance with Abe Attell.

Willie Lewis outpointed Mike Donovan at Schenectady.

Tony Faust won the \$340 Waterhouse cup race.

Owen Moran and Grover Hayes box six rounds in Philadelphia, March 13.

E. J. Munger of Pomona College has set a new Coast record of 6 feet 3 inches for the high jump.

Johnny Lynch bested Tommy Moran in New Orleans.

Stanley Ketchell has called off his fight with Al. Neill for St. Patrick's Day.

Johnson now refuses to fight Burns unless the fight is at the National Sporting Club of London.

Philadelphia Jack O'Brien bested Jack Bonner in Philadelphia.

Bill Hurley and Willie Lewis drew.

Glen Liebhardt, who is believed to hold the world's record by pitching nine winning games out of ten, all double-headers, has been signed for Cleveland for the season.

No fewer than four long-distance walking competitions are now being held in the East. This latest ad in athletics promises to have a long run.

The date for this year's Harvard-Yale boat races has been set for June 25th on the Thames at New London, Conn.

BEWARE OF FREQUENT COLDS.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. Chamberlain's Cough Remedy is famous for its cures of colds. For sale by Benson, Smith & Co., Ltd., agents for Hawaiian Islands.

bases, Smith made a terrific smash to center which looked like developing into a home run until the visitor at center, after a long run, brought off a spectacular one-handed catch, turning a somersault in his effort, but retaining his hold on the ball. A miss would have meant a tied score.

Picked team 1234567

 Bases on balls—Dreier, 2; Norgaard, 1; Richard, 1.
 Passed balls—Kaiwai, 2.
 Time of the game—1 hour 15 minutes.
 Umpire—C. Makanui.
 Score by innings:

CANDY BOY THE CANDY

(From Sunday's Advertiser.)

A crowd of several hundred people saw a horse-race at the Kapiolani Park track yesterday afternoon, and went home well satisfied with the sport they had witnessed.

Candy Boy raced E. H. Lewis' Mallet three-eighths of a mile and won a very exciting race by two lengths and a half.

Interest is reviving in racing in Honolulu, and it is far from impossible that the city may have a first-class track before very long.

The crowd went to the park yesterday in autos and carriages to quite an extent, and it seemed as if all the old racing hands had made a point of being present. The race was the third that has taken place within the past month, and there are several other matches in sight.

Candy Boy and Mallet are half-brothers and were bred at Waimea, their sire being Waterford. The former is a gray and the latter a stocky bay pony which has been used by Dr. Baldwin for polo.

Candy Boy recently beat X-Ray and Exchange Five at three-eighths of a mile, and Mallet on New Year's Day at Honolulu beat the fast Defender and Domino at a quarter of a mile.

The question yesterday was whether the polo pony could stick the extra eighth. It was conceded that had the race been at a quarter the bay would have been a hot favorite.

Candy Boy appeared on the track looking as fit as a fiddle, and with J. Palua up. Mallet, which looked as if a gallop or two more would not have done him any harm, had little Henry Lewis, 85 pounds, up. The bay had quite a pull in the weights.

The match was for a purse of \$400 and Candy Boy started favorite at odds of 10 to 5 on.

Shortly after 4 p. m. Starter Ayres dropped his handkerchief to an even break, with the gray in possession of the pole. The native boy skinned the rail from the start, whereas Lewis went wide round the bend and in so doing lost a couple of lengths. After an eighth had been traversed there was daylight between the horses, with Candy Boy in the lead. Lewis made a determined effort to catch the flying leader, and little by little crawled up on the gray. At the quarter the horses were lapping and still Mallet forged ahead until he got on even terms with his opponent.

"The bay wins," yelled the crowd as the pair came thundering down the home stretch. It was soon seen that Mallet had shot his bolt, however, for he died away in the final sixteenth and the gray passed under the wire an easy winner. The official time was 38 seconds, though several watches snapped it as good as 37.

The world's record for the distance is 0:23 1-2, made by Atoka, carrying 103 pounds, at Butte, Montana, on September 7, 1906.

After the race E. H. Lewis offered to run the gray again and to make a substantial wager on the result. It is probable that a return race will take place next Saturday.

CHINESE ARE THE CHAMPIONS

The Chinese Athletics are champions of the Kalaianalele Baseball League. In a wildly exciting game of eleven innings played at Aala Park yesterday afternoon before the biggest crowd that has ever witnessed a baseball game in Honolulu, they defeated the Kaalas by the ding-dong score of 9 to 8.

At the end of no less than seven innings of the game the score was even and when, in the eleventh, the Chinese got a man over the plate and made the score 8 all, excitement knew no bounds.

The winners played a consistently good game and deserved their victory. The Kaalas lost the game by their indifferent fielding, ten errors being chalked up against them. On stick work they should have won.

By winning yesterday's game the C. A. C.'s come into ownership of the C. P. Chillingworth trophy and also obtain a leg on the Kalaianalele cup.

MOTT-SMITH PAYS UP AND IS MUM

If the Secretary of the Territory be correctly quoted in the Advertiser, he hunted plover, says the Hawaii Herald, in discussing Secretary Mott-Smith's recent gun play on the Big Island, which brought the Territorial official before the public as a transgressor of the law. Presumably he hunted plover with a gun, though he may be able to prove that he hunted the plover with a fish hook and line, or with some salt to put on the birds' tails. In the absence of such proof it is fair to assume that he carried firearms when on the plover hunting expeditions.

The records of the office of County Treasurer Lalakea do not show that Mr. E. A. Mott-Smith procured a hunting permit before he pursued the elusive plover, nor that he has since done so. Only the Treasurer of the County is authorized to issue the permit or receive the five dollars in advance. Mr. Lalakea has done neither.

The matter was talked about around the County offices last week and got to the ears of Sheriff Keolanui. That official felt that the Secretary of the Territory of Hawaii had violated Act 116 Session Laws of 1907, and he accordingly indicted a polite note to Mr. E. A. Mott-Smith which may become a part of the Territorial archives under the care of Custodian Lydecker.

When Mr. Samuel Parker, who is not a Territorial or Federal official and who is not a lawyer, recently came to Hawaii on a hunting trip, he drove immediately to the office of the County Treasurer and procured a permit.

Not so very long ago, several Honolulu gentlemen visited the County of Maui on a hunting expedition and forgot to comply with the terms of Act 116. A deputy sheriff got after them and both the price of the permit and of a fine were promptly paid. More than one of those gentlemen was a lawyer.

The story was written up by the Maui News. It was vigorously denied in Honolulu. Still the money got into the Treasury of the County of Maui. What will happen in this case?

There is some talk that the County Attorney's office will bring the matter to the attention of the grand jury at the next session of the Circuit Court of the Third Circuit. But this is probably nothing more than rumor.

SENDS HIS LICENSE FEE.

By the Kinau's mail yesterday, Treasurer Lalakea received from Mr. Mott-Smith the sum of \$5.00 for payment of his license fee. The incident, therefore, may be regarded as closed.

DETAILS OF THE CAUSE OF PRESENT TROUBLE

(Continued from Page One.)

These government was informed that she was bound for Macao laden with a cargo of 134 cases of arms and ammunition, the consignee being Chinese and the commander had been ordered by the Taotai of Canton to stop the unloading of her cargo. At the same time two customs officials and some twenty bluejackets boarded the steamer. The commander also said that if the steamer was lying at anchor in Macao territorial waters he would not be in the capacity to make any objection whatever but as long as she was at anchor in Chinese territorial waters the ship had to obey the command of the Chinese authorities. Now the Macao territorial waters is limited in extent and the depth very shallow, scarcely reaching two fathoms. Though the captain was desirous of negotiating with the consignee no steamboat would dare to approach the ship apparently for fear of the Chinese warships. There were more than ten passengers on board the steamer, who on account of the delayed arrival were in want of provisions. They were anxious to make land for the purchase of provisions but the Chinese would not permit them to launch a boat and so they could do nothing in such circumstances. No objection whatever would be listened to by the Chinese and should the steamer dare to weigh anchor or disobey their command the Chinese threatened to send her to the bottom in an instant. Under the situation the captain came to the final conclusion to follow the Chinese to Canton. According to the commander the Chinese authorities were intimidated from Kobe prior to the departure of the Tatsu Maru that the steamer would unload those arms and ammunition at Macao which were to go to the hands of the native revolutionists through a Chinese merchant. It was surprising to note that the commander was informed of the particulars relating to the contract between the consignee and the owner of the steamer.

In connection with the seizure of the Tatsu Maru the government instructed Mr. Hayashi, Minister at Peking, and Mr. Uyeno, Consul at Canton, to lodge a protest to the following effect: Even if the steamer was riding at anchor in Chinese territorial waters as is insisted by the Chinese authorities it is quite clear that she was obliged to do so temporarily taking into consideration the condition of the neighboring waters and by referring to the testimonial given by the Viceroy of Kwanton. It admits of no question that the steamer was not lying at anchor in Chinese territorial waters as her captain insists on account of the depth of those waters and the deep draught of the steamer. In spite of all these facts the Chinese authorities are going to submit the matter to the consideration of the Customs Council compelling the merchant to lose the opportunity for a proper transaction. This serves only to aggravate the matter and aggrandize the sum of redemption for the damage. The Chinese authorities are therefore requested to take steps for the early liberation of the steamer.

PAZO CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded.—Made by PARIS MEDICINE CO. Saint Louis U. S. of A.

THE GOVERNOR'S OUTSIDE TRIP

(Staff Correspondence.)

Steamer Claudine, March 6, 10 p. m.—A delightful trip is being made by the Governor's party and the other passengers. Ever since leaving Honolulu the sea has been smooth, with a light trade breeze, and the motion of the boat is comparatively imperceptible. It is expected to meet the Kinau at Lahaina at midnight.

Arriving at Kahului at 6 a. m., the officials will have until noon to look about that town and Wailuku, besides visiting the largest sugar mill in the world, before reembarquing in the Claudine for Hana.

Hon. H. P. Baldwin invited the Governor and members of his official family on board, ere the steamer had got well off port, to breakfast with him at his Spreckelsville residence, afterward to look through Puunene mill and go anywhere else they chose in the neighborhood. Automobiles would be at their service. The invitation was accepted.

FIRST FEW DAYS.

Governor Frear has given me a general outline of the itinerary for the first few days of the tour, substantially as follows:

"After having breakfast at Mr. Baldwin's residence and going through the mill, we shall return to Kahului and see where they are laying out the town. An inspection of the breakwater there will be made and we shall see what the people want done. You know the Kahului Railroad Co. has expended \$100,000 on the breakwater. Something ought to be done for the port by the Federal government, in keeping with the idea that each island should have at least one good harbor.

"From Kahului we are to land at Hana and the first homesteads visited will be through the rubber region as far as Kanae. Perhaps the first day we may ride out to Kipahulu, where there are some water rights to look into.

"There is some land to be examined in the region of Kanae, which is now under lease having fifteen years to run. The lessees are willing to homestead the land. There are still some lots through the rubber country not taken up.

"On Monday a proposed exchange of road lands in Hana will be looked into. There is an outstanding question of compensation on account of cane land taken for roads.

"In the region of Makawao a proposal is pending for an exchange of land, that would be good for cane when the ditch is extended, for lands that would be good for pineapples and therefore for homesteads.

"At Ulupalakua there is land under lease, part of which may be homesteaded and part reserved for forest purposes. Perhaps an alteration of the terms of lease may be effected to conform to the present conditions which are different to those existing when the lease was made.

"There will be no public hearings. We shall deal with the people interested.

"A look will be taken at the Kula homesteads. I have not been there for a long time.

"Interesting matters will be seen all along the route, for instance the pineapple growing and canning in Haiku, where pineapples are said to do better than anywhere else in the islands."

Commissioner Pratt is in general charge of the arrangements for the tour of the island. As to his own department, what the Governor has given out above may suffice as an advance statement.

PUBLIC WORKS.

Superintendent Marston Campbell gave an outline of the hearings of the executive visit upon public works.

"I am going to make an investigation of the landings and derricks on the island," Mr. Campbell said. "We have just finished a lot of new work on some of the landings.

"Waterworks and public buildings will also be inspected, including the new courthouse at Wailuku and perhaps some of the new schoolhouses under contract. The waterworks of Lahaina and Wailuku will receive attention, there being some important matters connected with the Wailuku service.

"There is a hard proposition in the needed repairs of the old courthouse at Lahaina, for which some money is available. It is a stone structure and holds considerable historic interest."

In this connection Governor Frear later told the writer that he remembered when the Supreme Court judges held circuit terms in the old building at Lahaina. When he was teaching at Lahaina Seminary twenty-seven years ago, the late Judge McCully presided at a term of court there.

WAILUKU TOWN HALL.

Mr. Campbell also referred to the proposed investigation of Kahului harbor and breakwater. Another matter he would give attention to was the town hall proposition at Wailuku. The Advertiser has already related the beginning of the Wailuku town hall

MOONSHINE AND COUNTERFEITS

The Federal Grand Jury presented its report to Judge Dole yesterday morning and was discharged, Judge Dole expressing his appreciation of the consistent work of the body and thanking the members for the strict attention they had paid to their duties.

Indictments in twenty-four of the cases brought before them were found, the majority being in regard to the illicit sale and manufacture of intoxicants. The list of true bills found is: Moses Koki, embezzlement money order funds.

Martin Keogh, smuggling.

Joshua D. Koki, embezzlement money order funds.

Jacob Rosenberg, receiving stolen goods.

Ong Too Wan, possession of counterfeit coin.

Pala, unlawfully carrying on wholesale and retail liquor business.

John Kaka, adultery.

Su Cho Hun, making and having in possession counterfeit coins.

Kim Key Wog, having in possession counterfeit coin.

Ah Fa, illicit distilling.

Hashimoto, illicit distilling.

Koga, illicit distilling.

Ah Wan, illicit distilling.

Ah Sai, illicit distilling.

Daisy Wagner and Albert Truegood, adultery.

Lloyd Smith and Rachael Weiland, adultery.

M. J. Coito, carrying on business of retail liquor dealer without paying tax.

Fuji Kujima and Fujitache Kujima, illicit distilling.

John Paris, illicit distilling.

Moses Lono and Samuel Lohiau, altering money order.

Seki, adultery.

Toichi Hayashi, perjury.

Kong Yong Soon, making and having in possession counterfeit dies.

ATELL KNOCKS OUT KELLY

SAN FRANCISCO, February 23.—Absolutely outclassing his man, Abe Attell knocked Eddie Kelly of Buffalo down three times last night in rapid succession in the seventh round, and only the interference of the police prevented an actual knockout. A stiff right swing to the jaw sent the Easterner down for the count of five. As he stood on his feet, vicious rights and lefts put him for the second time on the carpet, and the same lightning punches that he was powerless to block put him down on the third occasion. Eight seconds had been told off when Captain of Police Duke called an end to the one-sided affair.

Attell's mastery over the Buffalo newsboy, whose chief claim to fame is that he has a face like Terry McGovern, was wonderful, and his cleverness was marred only by the absolute lack of knowledge that Kelly displayed.

NEW YORK TO PARIS RACE

CHICAGO, February 27.—The crews of the American and Italian cars and of French car 1 in the New York-to-Paris automobile race were guests of the Chicago Automobile Club tonight.

Denial was made that any change in the announced route was anticipated.

ELKHART (Ind.), February 27.—The German car broke the universal joint early today, seven miles west of here, and is being towed back by horses. The second French car passed through here before noon. It is being pursued by a constable, who has a writ of attachment for a claim made by a farmer for pay for the use of his horses in pulling the car through some drifts. The French Pilot car is stuck in a snowdrift several miles east of here, and a relief party has gone to the rescue.

AMMUNITION ON THOMAS.

The transport Thomas, due here Thursday for the Philippines, carries a large supply of new model cartridges for the rifles sent out on the transport Crook. She also carries two troops of cavalry—the First of the Sixth and the First of the First—besides the entire Fourth Regiment and 200 casuals. The bulk of the cargo is made up of quartermasters' supplies, consisting of many ambulances.

It is a proposal of the townspeople, formulated in public meeting, to obtain the old, and soon to be superseded by the new, courthouse from the Department of Public Works and remove it to a lot presented for the purpose by the Evangelical native church, where it will be renovated and fitted up for the purposes of a town hall and perhaps for some uses of the county government.

Judge Kepoikai, returning from Honolulu, submitted to Superintendent Campbell on board the Claudine a draft of lease for carrying out the town hall scheme. The Circuit Judge is chairman of the town committee on the subject, the other members being J. N. K. Keola, L. M. Baldwin, W. E. Saffery and J. W. Kalua.
